BLESSED G/MICHEAL CATHOLIC COMPREHENSIVE SECONDARY SCHOOL

1st Semester IT FINAL EXAM FOR GRADE 12 JANUARY 22, 2026

Time allowed 50 Min

Name ---Hanna Tyalew---Roll No---Section---

I. **Write "True" if the statement is correct and write "False" if it is incorrect(1 each)**

F 1. SQL is a general purpose programming language

T 2. In **IoT**, security concerns are minimal since devices are often isolated from external network.

T 3. Missing semi colon at the end of SQL statement doesn't cause any error.

T 4. Copy right, patent and trademarks are different types of intellectual property.

T 5. Video conferencing tools can considered parts of green technology.

T 6. The results of select statement can contain duplicate rows,

T 7. **IoT** devices are can communicate with each other in cloud based systems without human intervention.

F 8. Cloud computing is an extension of Fog computing..

F 9. In the concept of cloud computing, users can access their tools from anywhere, anytime, and from any types of devices as long as they are disconnected to the internet.

F 10. We can use Delete statement to remove a table permanently from Database.

II. **Choose the best answer from the given alternatives(1 each)**

B 1. Google Doc is an example of

A. PaaS C. IaaS

B. SaaS D. Hybrid cloud

D 2. Which one of the following is not part of Data Manipulation language?

A. CREATE B. ALTER C. DROP D. ALL E. NONE

B 3. Which types of cloud is shared by multiple organization?

A. Private B. Community C. Public D. Personal

C 4. The main purpose of Fog computing is to

A. Increase data storage C. reduce latency

B. Eliminate networking D. Replace cloud servers

1st Semester IT FINAL EXAM FOR GRADE 12 JANUARY 22, 2026

Time allowed 50 Min

C 5. Which cloud service provide a platform and environment to allow developers to build application and services.

A. SaaS B. IaaS C. PaaS D. all

D 6. In information system, ethical and legal issue include———————

A. Privacy B. digital ownership C. security D. all

A 7. The emerging of new technologies can create additional impact on our environment ecosystem.

A. True B. False

C 8. —is a behavioral obsession characterized by an insatiable want to use social media.

A. Cyberbullying B. Digital citizenship C. Social media addiction D. all

C 9. Which of the following is an example of Saas(Software as a service)

A. Micro soft azure B. windows azure C. Microsoft office365 D. all

C 10. Fog computing process data

A. Only in the data center C. At the edge of the network

B. Only in the cloud D. none

C 11. Fog computing is best suited for applications requiring

A. Offline processing C. Real time processing

B. High latency D. all

A 12. The ability of access or use and protect data, information and knowledge about things we own refers———————

A. Digital ownership

B. Privacy

C. Information Gathering

D. Information security and liability

D 13. Which activities can lead to ethical and legal issues?

A. Information gathering

B. View an individual's private information

1st Semester IT FINAL EXAM FOR GRADE 12 JANUARY 22, 2026

Time allowed 50 Min

C. Disseminating unfavorable content.

D. All

C 14. The result of the query is sorted by _____

A. Group by B. Sorted by C. Order by D. By ordered

A 15. Which one of the following is not intellectual property right

A. Trace rout. C. Trade Mark C. Patent D. copyright

B 16. Which SQL command is used to add new column in existing table.

A. Add table B. Alter table C. update table D. drop table

C 17. Which one of the following is benefits of cloud computing?

A. Data ownership and transparency C. Accessibility and mobility

B. Lack of support D. all

B 18. A software distribution model in which application are hosted by a service provider over Internet for customer is called _____

A. Infrastructure as a service C. platform as a service

B. Software as a service D. website publisher

A 19. Which SQL command allows you to create tables and establish relationship between tables in your database structure?

A. DDL B. DCL. C. DML. D. DQL

K 20. Which one is the correct syntax to delete a data in the student Table,

A. Drop table student C. Drop * table from student

B. Drop table student * D. Drop * table student E. none

BLESSED G/MICHEAL CATHOLIC COMPREHENSIVE SECONDARY SCHOOL

1st Semester IT FINAL EXAM FOR GRADE 12 JANUARY 22, 2026
Time allowed 50 Min

III. Considering the following Student table and write SQL commands for below questions 1 up to 5 (2 points each)

StuID	Student_Name	Gender	Age	Grade	Score
Stu01	Marta	Female	19	12	96
Stu04	Abel	Male	18	11	84
Stu10	Sara	Female	17	12	91
Stu40	Abdu	Male	22	12	69

1. To display only StuID and score to all Female students in ascending order of their score.

2. Modify student table and set StuID as a primary key

3. Change Marta's score from 96 to 69 , her ID from Stu01 to stu22

4. To delete all Male students whose score is less than 70

5. The following query produce an error. Identify the error and rewrite the correct query. SELECT STUDENT FROM WHERE * DESC BY ORDER STUDENT_NAME SCORE>=50

Select * from Student
Where Score >=50
order by STUDENT_Name = "DESC"

Select StuID, Score from Student

① Select StuID, Score from Student
Where Gender = "Female"
Order by Score = "ASC"

② After table student add primary key (StuID).

③ Update table Student
set Score = 69, StuID = "Stu22"
Where Student_Name = "Marta"

④ Delete * from Student
where Gender = "Male" and score < 70.

ANSWER SHEET

Name -Hanna Ayalew-------RollNo--24-----Section-12th C

True or False					
1	False	4	True	7	True
2	True	5	True	8	False
3	True	6	True	10	False

8

37/40

V. good!

II. Multiple choice

1	B	6	D	11	C	16	B
2	D	7	A	12	A	17	C
3	B	8	C	13	D	18	B
4	C	9	C	14	C	19	A
5	C	10	C	15	A	20	E

19

Part III.

1. Select stuID, Score from Student
   where Gender = "Female"
   Order by score = "ASC";
2. Alter table student add primary key (stuID)
3. Update Student
4. Update student set score=69, stuID="Stu22"
   where Student_Name = "Marta"
5. Delete * from Student
   where Gender = "Male" and Score <= 70
6. Select * from Student
   where score >=50
   Order by Student_Name = "DESC"
